#### **Consultation**

A detailed assessment of the human remains was made by Texas A&M University (TAMU) professional staff in 1995. In 2010, representatives of the Kickapoo Tribe of Oklahoma and the Tonkawa Tribe of Indians of Oklahoma were invited to consult with TAMU for the purpose of determining the place and manner of the repatriation. The Kickapoo Tribe of Oklahoma contacted TAMU with an interest in having these remains repatriated; no representatives from the Tonkawa Tribe of Indians of Oklahoma contacted TAMU in response to this invitation.

#### **History and description of the remains**

Sometime prior to 1995, human remains representing, at minimum, one individual were removed from private land in Williamson County, TX. The human remains were determined to one adult male (TAMU-NAGPRA 58). Analysis of the human remains by physical anthropologists indicates that this individual is of Native American origins. No known individuals were identified. No associated funerary objects are present.

Sometime prior to 1995, human remains representing, at minimum, one individual were

removed from private land in Live Oak County, TX. No known individuals were identified. No associated funerary objects are present.

Based on geographic location, TAMU staff found it reasonable to trace a shared identity from the sites listed in this notice to the Kickapoo Tribe of Oklahoma and the Tonkawa Tribe of Indians of Oklahoma.
